He played numerous house music sets in 00's–10's, he did warm up sets for Faithless, Digitalism, Barbara Tucker, Robert Owens, Knife Party, among other artists. Today he spins many open format genres and music styles.

In 2004 he became a video DJ using Pioneer DVJ1000's. These days you can find him using Mix Emergency and turntables. Most of his sets today are an amazing audio visual experience.

Through the years he has done official and unofficial remixes for artists such as Jurassic 5, Kelis, Andre 3000, 383, Royalty, The Cataracs, Ozols, Gacho, Brainstorm, and others. AI-VA has also released numerous mixtapes for himself and corporations such as Converse, Red Bull, and Cosmopolitan magazine.
